TEACHER 'DISTRESS DAY' CALLED TO SHOW ANGER

By MARGE RATCLIFFE

LOCKPORT -- Leonard Moore, president of the Lockport Teachers Organization, announced the group's intentions to have a "personal distress day" Tuesday, Sept. 30, in order to demonstrate their dissatisfaction with the Board of Education and Superintendent, Harold Scholle. Moore made the announce-

ment at a press conference at the Lockport Library Friday night. He also made public a list of resolutions which the LTO passed at a meeting Wednesday, Sept. 24. They are:

- We will withhold all services for which we are not being paid beginning Monday, Sept. 29, 1969. Such unpaid services include being in the building at times that are not

required by the 1968-1969 LTO and School Board Committee Agreement.

- (On) Tuesday, Sept. 30, we will all use a personal distress day.

- We agree to inform parents of the effects that the above actions might have on their children by a press release to be issued Friday, Sept. 26.

- In order to impress upon

the Board and the administration the need for a grievance procedure, a list of problems which demand solution (will) be presented to them.

- We agree that the LTO, as an organization, will support tenured and non-tenured teachers should anything develop from any action in which they participate that is sanctioned by the LTO.

- We agree that if these procedures are not successful, stronger action will be taken as deemed necessary by the LTO.

Moore expressed faith in the power of public opinion and requests that parents call or write members of the school board and support the teacher's position.

The dispute, according to Moore, stems from the fact

that a tentative agreement was reached by the board and formally approved by the teachers last June. All parties agreed and the only step remaining was final board approval.

Moore stated that the board made significant changes in the agreement over the summer months, without consulting the teachers. So, Moore says, once again the teachers have started the school year without a satisfactory agreement with the board.

NO WORK, NO PAY SAYS SCHOLLE; BOARD TALKS

By MARGE RATCLIFFE

LOCKPORT -- "Please consider your total involvement and then act as your conscience dictates," said Harold Scholle, superintendent of District 205, in a letter to teachers late Monday. The letter came just before a threatened "distress day" the teachers had planned for Tuesday (yesterday).

The faculty also received a letter Monday from the district board of education.

It detailed the district version of the changes made in a contract agreement that has become the center of dispute.

Scholle's letter said any teacher who does not report for work on Tuesday (yesterday) Sept. 30, or any other day without just cause shall have a day's wages suspended as well as a prorated share of all fringe benefits.

In the event we are forced,

he said, to close the school all scholastic activities and school-sponsored activities for the day shall be cancelled. The missed school day will be rescheduled on a snow day to prevent loss of financial aid or state recognition.

"During the entire private negotiations, it was always intended to seek legal opinion and this was understood by everyone. Much bargaining was done and I

think the total package is outstanding.

"My first concern is with the education of the youngsters in this district," Scholle concluded.

The District 205 Board of Education letter was also to all faculty members. This action stems from the LTO's contention that changes were made in their proposed contract without their consent.

The letter was signed by all seven board members.

The letter states, in part, that a great deal of time and effort has been invested by the school board, the teachers and administrative negotiators since Jan. 7, 1969. The result has been an "excellent contract with many benefits and above all a working agreement among professionals."

The school board asked for and received legal opinions, the letter continues, on the tentative contract. It was re-

ceived by the teachers the first week in June. Based on legal advice, according to the board statement, the contract was re-written and dated Aug. 20.

Reports were made at each school board meeting during the summer advising the current status of the proposed contract. On Aug. 21 a meeting was held to discuss each and every change and the

Seek A New Lemont Well

LEMONT -- Lemont Village Engineer Joseph Shudt Jr., reported to the board at its Sept. 22 meeting, that it would cost \$20,468 for pulling the new well for the village.

The well, which is needed by the community, would be done by the J.P. Miller Company, and would be in service approximately four weeks from the starting date.

The cost would include a new pump and lowering of the present pump setting. The old pump used by the village can be rebuilt for \$2,170. Shudt reported that pumps are hard to obtain, and "if one should break by having

this one rebuilt and stored, we would save the delay of trying to obtain another one."

The price offered by the Miller Company includes the price to rebuild the old pump.

A representative from Subdivision Engineers of Oak Lawn, appeared before the board, bringing plans of a new 169 single-family residences to be built on a 1000 foot tract of land on 127th St. The subdivision will be developed according to all village regulations, the representative stated. The board advised the man to appear before them again with more definite plans and prices on the homes to be built.

SOUTHWEST -- The Beaconridge Residents Association, a newly formed group within the Beaconridge Improvement Association, met Sept. 21 to air several grievances concerning management of the development.

Mrs. Marge Davis, a spokesman for the dissident group, says the group of some 40 homeowners is disenchanted with the parent association's proposed \$100,000 budget. A partial expenditure of this budget would be allocated to correct a "long list of building defects which the builders have failed to correct within the one-year warranty period."

Beaconridge homeowners pay a monthly dues of \$14 to the association and an increase of \$5.50 is in the offing if the proposed budget is adopted. The splinter group maintains the position that association dues should be used in landscaping, snow removal and other maintenance functions.

Kaufman and Broad, developers of the project, obtained the management services of McKey and Poague after seven bids were received by the association. The sum of \$18,000 was set aside for the management firm and the newly formed group feels this sum is "inflationary."

Dave Froberg, manager of the development and a McKey and Poague employee,

says the sum of \$18,000 is a maximum one-year fee and may not be totally expended.

According to Groberg there are 390 homes completed in the development with 320 occupied. Each of the homeowners has one vote in the association. The 70 homes not occupied and therefore in the ownership of Kaufman and Broad give the developer a total vote of 210. Homes not sold permit the developer

three votes for each unsold home as a "preferred" stockholder in the association. Homeowners are permitted one vote each as "common" stockholders.

It is possible that Kaufman and Broad may be completely out of the association by Spring of 1970 if the unsold homes are occupied by that time.

The makeup of the Beaconridge Improvement As-

sociation board is comprised of two homeowners and four members of the Kaufman and Broad staff. The two homeowners are Ernie Loomis and John Waller. Representing the developer are Louis Berkowitz, chairman; William Kennicott, Royal Faubion and Maurice Sanderman.

Faubion, as a member of the board, was present at

Budget Draws Fire

Oct. 18 Is Set For Schoolroom Voting

HOMER -- The Board of Education of Homer Community Consolidated School District 33C will hold a public meeting at 8 p.m. in the Homer School gymnasium on Monday, Oct. 6.

They will outline plans for the proposed additions to the school building. A question - answer period will be conducted after Otto Moravec, president, presents an overview of the plans for the new addition.

The board of education is asking the community to authorize, through referendum, the construction of six class-

rooms, restroom facilities and storage space. The amount of the proposed bond issue is \$182,000.

It is hoped that construction may be started this year to permit use of the addition in the fall of 1970. All schools in the state must, by law, provide kindergarten after July 1, 1970, and all classrooms of Dist. 33C are filled with present enrollment.

As the school continues to grow, the additional rooms will be needed. At present the school maintains two sec-

tions of each grade, one through eight. School officials stated they believe some grade levels will be ready for a third section by the time a building placed under construction this fall would be completed.

The entire district will serve as a single voting precinct and the polling place will be at the school building on the east side of Cedar Road, 1/8 mile south of Rt. 7. The date of the referendum has been set for Saturday, Oct. 18. Polls will be open between noon and 7 p.m.

Con-Con Winners Vie Nov. 18

SOUTHWEST -- The top four vote getters in the 40th, 41st and 9th Senatorial districts in last week's elimination election are planning for their next and final hurdle on Nov. 18.

The surviving candidates for constitutional convention delegate seats emerged from light voting Sept. 23. Of the four hopefuls now remaining in each district, the two drawing the most votes Nov. 12 will start the work of re-writing the state's constitution on Dec. 8.

Voter turnout on Sept. 23 was light and termed disappointing by election officials and candidates, who had sought to drum up support of the elimination election. They face much the same task for the Nov. 18 race.

The contenders elected last week in the 41st District are Louis F. Bottino, 6,683; George E. Sangmeister, 5,728; Arthur T. Lennon, 5,227; Daniel L. Kenne-

dy, 3,134. Others on the ballot, but not elected, were Eugene L. House, 1,780; Arthur J. O'Donnell, 1,571; James J. O'Connell, 1,551; Vernon L. Young, 980; Gus W. Steen, 796; Lee D. Edwards, 525; Stanley Hubbs, 389.

Those elected in the 40th District are Helen C. Kinney, 8,188; Anthony M. Peccarelli, 7,435; Mrs. Helen S. Harshbarger, 5,652; James H. Clark, 4,077. Others on the ballot in that district,

but who did not finish in the first four were, J. Glenn Schneider, 3,920; Jane Shugg Elkins, 3,674; James W. Smith, 3,622; Robert W. Shoemaker, 3,455; William T. Grant, 2,180.

The candidates winning election in the 9th District in Cook County are Joan Anderson, 5,380; Sen. Terrel Clarke, 5,025; Joseph Meek, 4,509; William Cairnes, 2,578.

Jennifer E. Hance, 2,390; Bruno L. Sendera, 2,155; Ollie E. Stone, 1,782; Richard C. Reinke, 1,660; Stewart M. Loebe, 819; Marvin C. Chandler, 554; Edward R. Zwicker, 320; Patrick J. Lehner, 293.

Bottino came out ahead of 10 others in the 41st. He heads the Lewis College education department, and has prior service as a county superintendent of schools and state legislator. Sangmeister, a Mokena resident,

is a former state's attorney. Lennon heads the Joliet Airport Committee. Both he and Kennedy, who was fourth, have assistant state's attorney experience.

In the 40th District, there is no elected representation from northeast - most Will County. Elected are Mrs. Kinney, an attorney, of Hinsdale; Peccarelli, also an attorney, of Wheaton; Mrs. Harshbarger of Plainfield, a former school teacher, and Clark of Glen Ellyn.

Story Hour, Books Library's Feature

By JEAN BRADLEY

MOKENA -- For the first time the Mokena Public Library will offer a story hour for pre-schoolers. The program, which will consist of stories, songs and finger plays, is designed to stimulate an interest in books and music and provide a group experience in these areas for children in the 3 to 5 age range.

The sessions will be held at the library Wednesdays at 10 a.m. They will begin Oct. 8 and continue for six weeks.

Parents who wish to have their children participate must enroll them with the librarian by Oct. 4. This can be done during regular library hours.

Enrollment will be limited to the first 36 children who register. The only requirement for registration is that parents be library card holders in good standing. The story tellers will be Mrs. Kathleen O'Hara and Mrs. Rosemary O'Riley.

There are many new books of the shelves of the Mokena Community Public Library. One is "Growth Of Scientific Ideas" by Writeman in which the author uses a series of case histories to tell the nonscientist how scientists operate and how science is related to progress in technology, agriculture and medicine.

The "Ecology of North America" is a comprehensive description of our country from the ecological viewpoint as it appeared in the 1500s before the Europeans arrived, and from which the author, Victor Shelford, evaluates present day conditions.

The "Story of the Plant Kingdom" by Coulter was written originally as a textbook in botany for a person with a good general education. The Library also has "Tale of a Meadow" by Kane and "Wonderland of Plants" by Terry Shannon at a much easier level.

Field guides are available from "trees and shrubs" to "common rocks & minerals" and from "wild life" and "birds" to "insects" and "skies".

Among books for middle-graders are "Terrible, Horrible Eddie" by Spykman, "How To Star In Baseball", "Haunted Summer" by Jardin (a romance) and "Spider Plant" by Spievack, an interesting account of some Puerto Rican children in New York City. "Up Periscope" by Robb White is a World War II story.

The "Golden Egg Book" is a beautiful picture book for pre-schoolers. There are at least 100 new picture books among which are Richard Scarry's "Best World Book", "Rain Puddle" by Hall, "Where the Wild Things Are" by Sendak, and one "Snail and Me" by McLeod.

The Library is open every Monday night and during weekdays from 2:30 to 5 p.m.

MOKENA LIBRARY'S summer reading program winners shown here with Librarian Elaine Reckemer are Paul Claycomb, in the 4th and 5th grade category, and Tammy Sestak, 2d and 3 grade section. Nancy O'Reilly, representing the upper grades, was unable to be present when this picture was taken. (GRAPHIC Photo)

MOKENA -- Bids for oiling and chipping of five streets and the bid for the installation of a waste disintegrator were all accepted at the Sept. 23 meeting of the Mokena Board of Trustees.

Cost of the street surfacing will amount to \$2,700. The board accepted a bid from Persico Paving Company of Joliet, for the work on Bryant, Union, Parker, Midland and Revere Streets.

A bid from Clyde Yunker of Mokena, for a waste disintegrator brought the town one step closer to fulfilling the Sanitary Water Board's

demands for upgrading the town sewage system.

The bid amounted to \$3,760 for the sewage plant. The new equipment will grind solids, for easier disposal in the

plant.

Installation of disintegrator and a polishing pond is being required by the state, to help prevent further pollution of Marley Ditch from effluent

leaving the sewage plant. Village Engineer George Barber is preparing the preliminary plans for the pond.

The village must take this step in order to prevent further action from the state. New Lenox faced the same problem and because satisfactory progress toward upgrading the sewage system was not taken, the state stopped granting sewer extension permits to the village. "This is what will happen here if the project is not allowed to proceed," stated Will Tuttle, village president.

Honor Students

NEW LENOX -- Letters of Commendation honoring them for their high performance on the 1969 National Merit Scholarship Qualifying Test have been awarded three students at Lincoln-Way High School, according to Joe Kruzich, superintendent.

Those named commended

students are Alfred Carlson, Kenneth Messenger and Manette Messenger.

They are among 39,000 students in the United States who scored in the upper two per cent of those who are expected to graduate from high school in 1970.

A 1970 MODEL Impala has been given to Sacred Heart High School for its driver education course. Phil Pasarella, president of Phillips Chevrolet Inc., Frankfort (extreme left), here hands over keys to Timothy Gawla, who teaches driving as well as a business course at the school. The interested spectators are Sister M. Thaddeus, O.S.F.,

assistant principal, C.A. Smith, of Chevrolet Motor Division, and Jerome E. Budzinski, school principal. Sacred Heart High is a fully accredited school for girls operated by the Franciscan Sisters of the Sacred Heart, about a mile north of the junctions of U.S. 45 and 30. Students come from outlying Chicago suburbs as well as the Joliet diocese.

LEMONT -- Sister Mary Josephine of Mount Assisi Academy has been elected superior general of her re-

Sister Mary Josephine

ligious order. She is a member of the American Sisters of the Congregation of the Sisters of Saint Francis.

Sr. Josephine has taught at Mt. Assisi Academy for 15 years. She has been in Rome since mid-August and is expected to return next week. Open houses and other events are being planned, and announcements will be made soon.

Sr. Josephine will soon take up residence in Rome in the Generalate, where she will administer to the needs of 2,000 sisters of the community who are working in three continents. It is the first time that an American sister will be heading the community, which will be celebrating its centennial this year.

Bank Looks Over Bonds

MOKENA -- The possibility of the Mokena State Bank purchasing \$45,000 in special assessment bonds was discussed by the board of trustees at the Sept. 23 meeting.

It was reported that the board will meet with the bank officials to discuss this purchase. The bonds are for the extension of a sewer line to Scott St.

The bonds have failed to

sell at a six per cent interest rate on today's high interest rate bond market. Since the bonds failed to sell, the village received no bids on the project.

The failure to finance the extension is holding up sewer service to about 35 homes, which were recently annexed to the village.

Three alternatives to the problem were presented by George Barber of Matteson, village engineer: meet with the bank to discuss the possible purchase; residents in the subdivision can come up with the cash; wait until the bond market improves. The board will meet with the bank at their earliest convenience.

RECEIVE 50-YEAR PINS -- Harry Sproat (left) of Maple Rd., New Lenox, and James Frazer (right) of Bruce Rd., Homer Township, have been members of Maple Street Arbor of Gleaners for half a century. To honor them handsome, diamond-studded pins were given to each. The presentation was made by Harwood Stellwagen, 108th Av. and 179th St., Orland Township, vice president of the Illinois State Association of Gleaners. He too is a member of Maple Street Arbor.

Dist. 205 Levy Up

LOCKPORT -- The Board of Education, District 205, met Thursday, Sept. 25 at West High School. All board members were present.

Superintendent Harold Scholle reported that new legislation recently signed into law by the governor allows a school district to increase its transportation rate from eight cents to twelve cents and its education rate from 90 to 92 cents. Scholle went on to explain that after this year the district will no longer be able to borrow from the educational funds to pay transportation costs.

After Scholle's recommendation, the board modified its 1969 tax levy to total \$3,688,822. This is an increase of \$251,505 over the \$3,417,317 levy which the board had previously approved. According to Mr. Long, district business manager, this will put transportation on a pay-as-you-go basis.

The revised tax levy is as follows: Transportation, \$306,206; education, \$2,347,582; regular building \$637,930; municipal retirement, \$56,500; working cash, \$123,585; fire

prevention and safety, \$123,585; liability insurance \$24,000; and other (special education) \$49,434.

In other business:

The board granted Mrs. Jerry (Linda) Kinnikin a leave of absence without pay or seniority until June 5, 1970. Scholle explained that Mrs. Kinnikin's husband had not been sent overseas as quickly as anticipated, and that she wanted to be with him. Mr. Kinnikin is in the Marine Corps.

The board approved the

hiring of Mrs. Karen Dobis as the replacement for Mrs. Kinnikin.

Also hired were: Mrs. Charlene Counter, attendance secretary at East; Mrs. Lois White, secretary and bookkeeper in the business office, and Mrs. Beulah Thomas as a part-time helper in the cafeteria at Lockport West.

Frank Ambrose requested that he be relieved from his duties as teacher of a machine shop class. Ambrose said he did not feel qualified to teach the course. Robert

Wolfer, industrial arts department chairman, has agreed to teach the class for one-seventh of his base pay. Ambrose will be reassigned to substitute teaching and printing work during that class period, and will continue to teach other industrial arts classes.

Ambrose was initially hired to establish a print shop in the district. When plans for such a shop did not materialize he was assigned to other industrial courses.

The board voted to accept the reassignment.

Park Land Transferred

FRANKFORT -- Park property owned by the Village of Frankfort has been formally turned over to the Frankfort Park District. The transfer was accomplished by a 99-year lease covering Frankfort Community Park and the park area in Lincoln Meadows. The price was \$1, and has been tendered the village by the

park board in the form of a check. The park in Lincoln Meadows is about half a block square.

Community Park was originally a 20-acre tract. With the north edge resting on Nebraska St. Bobzin-Swinford Post, American Legion owned the acre site of the Veterans Memorial Building at the northeast corner of the parcel and the village retains possession of one acre occupied by the pump house on the new well site.

The lease, drawn by Village Attorney August Santoro, runs from Sept. 15, 1969 to Sept. 14, 2068. It provides that the properties may be used only for public park purposes.

Community Park has a lighted baseball diamond, tennis courts that can be converted into ice rinks in winter, a pavilion and a refreshment stand. There are also trees and shrubs that have been planted by the

S.P.C., a volunteer group formerly headed by Mrs. Irving Rudman, that for many years raised funds to improve the park.

One of the sources of revenue, of course, was the village, which has contributed thousands of dollars in cash and work in improving and maintaining the park. Currently the village is paying off bills in the amount of \$2,900.

State's Funds Decrease Tax

LOCKPORT -- The Board of Education, District 91, held a special meeting Tuesday, Sept. 23. One of the items of discussion was the educational tax levy.

Superintendent Roy Sprague said that new legislation which has increased state aid, would permit the board to lower the education levy. This would lighten the load of the already over-burdened taxpayer.

District 91 will receive \$275,000 this year, as opposed to \$180,000 last year.

Building Inspector Resigns

MOKENA -- George Boyce, building inspector for the Village of Mokena, resigned at the board meeting Sept. 23.

Boyce, who had been employed by the village for the past 90 days, felt that he should receive the building inspection fees plus the building permit fees the village charges. Board members felt that he should only receive the building inspection fee.

The village is now looking for a new building inspector. Anyone wishing to fill this position, should contact the village hall for further information.

After a brief discussion, Reno Caneva moved to levy \$212,000 for the education fund. This reflects a \$50,000 decrease over last year.

The other levies approved by the board are: Building Fund, \$85,000; Illinois Municipal Retirement Fund, \$6,000; and Health and Safety Code, \$11,000.

Frankfort Park Board Is Grateful For Help

FRANKFORT -- Using the public library for a meeting place the Frankfort park board expressed its gratitude to the Frankfort Woman's Club for its financing of the swimming program for youngsters the past summer.

Children of the district were able to utilize the Valley View pool for two hours every Monday. The Woman's Club gave the park district \$500 to support the program.

But for this contribution the district would have been unable to finance the program for the simple reason that it has not collected any tax money yet. The board expressed its gratitude to

the club and to the mothers who served as chaperones. An average of 150 youngsters took advantage of the swimming each Monday.

4-H A Good Teacher

Homemakers seeking to stretch the family income to cover rising living costs can pick up a tip or two from 4-H boys and girls. More than four and a half million 4-H members are already getting the jump on inflation by learning to get the most value for their dollar through the 4-H Consumer-Education Home Economics program.

Both boys and girls benefit from this national educational program. 4-H'ers talk with managers of stores, banks and credit departments and carry on their own in-the-store research. They learn the basic steps to wise buying (1) analyze income and plan purchases accordingly; (2) compare brands, labels, materials, warranties, guarantees and buying incentives; (3) know when to pay with cash or credit, use their savings or borrow elsewhere; (4) evaluate purchases to determine whether the money was well spent.

The young people find the program interesting and useful. For example, one of last year's national 4-H winners, Gail Hamilton, 18, of North Miami Beach, Fla. budgeted the family expenses for three months and saved \$135 on the food bill alone.

"Read the label" is the advice given by others enrolled in the consumer education program.

The young people look for clothing labels which indicate whether a garment

requires dry cleaning or simple laundering. And they suggest adding the maintenance cost of the purchase price when comparing similar clothing purchases.

Keeping the label handy for re-reading at a later date, is a tip provided by Arlene Haeder, 18, of Wolsey, S.D. She suggests homemakers permanently file garment and appliance labels and guarantees for future reference on laundering and service repairs.

Labels on canned foods are the buyer's clue to securing the best value, an Eckley, Colo. 4-H'er found in her study of food labeling. "While the size of the can is standardized," said Delaina Gardner, 17, "the difference in net weight is due to a more solid pack or greater density in syrup content."

For their work in the 1968 4-H Consumer Education-Home Economics program, these young consumers each received a \$600 scholarship. Again this year, Montgomery Ward provides \$600 scholarships for each of six national winners. The company also offers one educational trip per state to the National 4-H Congress held in Chicago Nov. 30 to 4, and medals of honor for the four best projects in each county. Awards are offered through the National 4-H Service Committee, Chicago. Winners are selected by the Cooperative Extension Service.

It Just Grows

Everyone kicks about big government, but no one seems to be able to do anything about it. Government, like Topsy, just grows. And, as government grows, freedom diminishes. However, the near maxim that the trend toward bigger and bigger government is inevitable and irreversible could possibly turn out to be a fallacy.

The largest farm organization in the country, the American Farm Bureau Federation, representing well over a million U.S. farm families, who have endured more than 30 years of government subsidies and controls, now supports federal legislation aimed at gradually unshackling agriculture from governmental domination.

Businesses, professions and other groups that have been following the path of agriculture toward big government domination may one day look upon the present action of the Farm Bureau as both a turning point and a guide in the endless struggle to preserve independence. The Agricultural Adjustment Act of 1969, which is strongly supported by the Farm Bureau, is a carefully thought-out program that will gradually restore free market principles to agricultural operation. Under it, as Charles

B. Shuman, president of the Farm Bureau, points out: "the transition to the market system would be gradual. Substantial payments would be made during the transition period to help farmers make needed adjustments. . . . At the end of the proposed phase-out of acreage allotments, marketing quotas, base acreages, certificates and government payments. . . . each producer would be free to. . . . make the best uses of his resources in the light of the market outlook. Thus, the way would be clear for farmers to earn and get higher incomes in the marketplace."

With this kind of citizen leadership, it may prove possible to live with relatively "big government" and preserve our liberties at the same time.

Inflation is the cruellest tax of all. It penalizes everyone and the poorest most of all. No one is missed. The thrifty suffer ill rewards for their self-denial. Pensioners and others with fixed incomes find their living conditions ever more difficult. . . . It is high time the government began to set an example of trimming off unnecessary fat. Uncle Sam, that fine spare figure of tradition, is getting almost too fat to carry. -- Argus-Courier, Calif.

LETTERS TO THE EDITOR

'I Beg To Differ'

Editor:

In these modern times, many people have a tendency to frown severely on anyone who does not go along with a given set policy, preferring, rather to object, disagree and in the last resort, demonstrate or raise his opinion until he is classified as a sword rattler, a Bolshevik, and quite commonly referred to or type-cast as a hippie, teeny bopper or bearded one; a Communist or at least a pinkie.

Many times, rather than express an opinion and be labeled as such, he eats his words, swallows his tongue and prefers to remain silent and go along.

However, risking being classified with this group, I wish to go on record as stating, I fail to understand certain policies at the two school districts 205 and 96, such as: what happened to the days when I went to school and paid only for the paper and pencils I used? Now you pay between \$25 and \$30 a year per student for reference books and work books.

The medical expenses of a doctor's examination, at certain levels, which cost \$12 a child and if the child goes out for sports, he must have an examination each year and when taking gym or physical education, it must be in a set uniform prescribed to the student as blue shorts and two white "T" shirts, with the lettering Lockport West on the front.

This is an additional cost to the parents, especially when he just purchased 4 new white "T" shirts and has a pair of white shorts at home. It seems to me that I care less if all the students look alike for gym as long as the floor is not damaged from using improper shoes. If I had wanted all my children to look alike, I would have sent them to a parochial school or Military Academy.

In addition to this cost, a towel fee and locker fee is also assessed per student. If industrial arts is taken, another locker fee is charged and the student must pay for the cost of any ma-

terial used in learning these skills. Now when attending School District 96, a physical examination in certain grades and a dental examination, a workbook fee, reader paper fee and now a desk protector fee is charged to the student.

Although these are small or minute fees, they total up to something when six children are in or preparing for school. Sometimes I wonder what would happen if I were to refuse to pay all these fees, stating I could not afford to pay for all these expenses. Would the child be refused admittance to school because of the shortcomings of the parents' income or would legal action be taken?

I used to feel sorry to a certain extent for the parents who sent their children to parochial schools because of the cost in comparison to the free public schools. However, I'm beginning to take a second look at this free public school system and I wonder if the \$520 per student allotment for student education will help the student's parents in off-setting the costs of the free public schools.

Although I sometimes feel sorry for myself as the costs mount for my children in school, I can only be sorrier yet for the families who have 8, 9 or 10 children in school and marvel at the way these people make ends meet or juggle a budget or shift funds to pay for their children's education, or even more so yet, to think that after all these struggles, the child decides he has learned enough and decides to quit school for a job as a dishwasher or a gas pumper. All these struggles are in vain.

Sincerely,
Ralph K. Wick

Record Number Of Blacks Elected

Civil Rights Revolution, Population Shifts Are Cause

By CHARLES RIESZ

Copyright, 1969, Congressional Quarterly, Inc.

WASHINGTON -- The civil rights revolution and a rapidly growing Negro population have swept a record number of American Negroes into elective public office.

But Negroes still make up only 2/10 of one per cent of 521,759 U.S. elected officials. About 10 per cent of the voting-age population is black.

Until recently, there were few Negroes in office, and apparently no one kept a record of them. The Metropolitan Applied Research Center (MARC), a private social-action group, issued a nationwide survey in June, counting 1,126 elected black officials. Since then, elections in several states have increased the total.

More than one-third of the Negro officials are in the 11 southern states. The rest are concentrated in the northern industrial states and California. These are the areas in which most Negroes live.

Michigan has the most Negro officials (85), followed by California (80) and Ohio (78).

Negroes hold office in every southern state. Alabama has 70, Mississippi 67 and Louisiana 65. A more recent list compiled by the Voter Education Project of the Southern Regional Council found 73 in Alabama, 72 in Mississippi and 64 in Louisiana. The

legislatures of every southern state but Alabama, Arkansas and South Carolina have Negro members.

Nine states have no Negroes in elective office: Idaho, Maine, Montana, New Hampshire, North Dakota, Oregon, South Dakota, Utah and Vermont. Negroes make up one per cent or less of their populations.

There are 10 Negro Members of Congress, nine in the House and one in the Senate.

MARC counted 29 Negro mayors. But most black officials are members of city councils (382), school boards (304) or state legislatures (172). Only 33 Negroes were listed as law enforcement officials and 46 as judges. The study did not identify the officials by party.

The Democratic National Committee counted 625 black elected Democrats in December 1968. The Republican National Committee counted 40 black elected Republicans in March 1969.

That presumably leaves between 400 and 500 black officials who were elected in nonpartisan elections or were independents or third-party members. Many city elections are nonpartisan.

The recent Negro gains result from growing black population in urban areas, state legislative reapportionment, voting

rights laws affecting the South, voter registration drives and a growing awareness of black political power.

Most Negro voting strength is concentrated in towns and cities. Since World War I, Negroes have left the rural South in large numbers, and the 1960 census found 73 per cent of the nation's Negroes living in urban areas. The Negro birthrate is 25.8 births per 1,000, the white birthrate only 16.3 per 1,000.

As a result, Negroes will make up at least 40 per cent of the populations of 14 major American cities by 1970, according to one estimate.

This will probably mean more black city officials, state legislators and U.S. House Members, as well as more attention to Negro interests by some white politicians.

It probably will not mean the wholesale takeover of American cities by Negroes in the near future. Black candidates usually must contend with a low turnout among black voters.

In most elections, black candidates will require white allies and white votes to win citywide offices.

Consolidation of small local governments with those of large metropolitan areas poses a threat to Negro voting strength. It could dilute the large Negro vote of the inner city with the larger vote of white suburbs.

Whether Negroes receive fair representation in such consolidated governments depends mostly on whether officials are elected at large -- where the Negro vote could be overwhelmed -- or by districts, in which Negro areas can elect black representatives.

AUTUMN OR FALL?

*It doesn't matter what it's called,
Some say autumn, some say fall.
Regardless, we know summer's gone,
No more warm days to count upon.
Leaves to rake, and when you're thru,
There'll be more, that fell for you.
Oh, they're pretty on the trees,
We enjoy nice days like these.
Neighbors emptying their pool,
Children hurrying to school,
Summer things to put away,
Clean the yard, without delay.
Days so colorful and bright,
With the longer autumn nights.
Houses have a cozy air,
As the families gather there.
Autumn makes us realize,
Too soon, we'll have snow-laden skies,
So let's enjoy fall while we can,
Before we're indoors, with our plans.*

Broadcast Lobby Wields Power

Hit For Seeking Easy License Renewals

(Copyright, 1969, By Congressional Quarterly, Inc.)

WASHINGTON -- The broadcasting industry is one of the least publicized but most effective lobbies in Washington.

Recently it has come under attack for its efforts to generate support for the Pastore bill which would reduce the chances of the FCC's failing to renew a broadcast license.

The bill, barring competing applications unless the FCC has first denied renewal of the existing broadcast license, was introduced in the Senate by John O. Pastore (D R.I.) with 18 co-sponsors. In addition, 82 virtually identical bills have been introduced in the House.

Rep. Emanuel Celler (D N.Y.) told the House he had "been importuned by the broadcasting lobby to support" the bill in a letter "presumably addressed to all Members." And Rep. Jonathan B. Bingham (D N.Y.) attacked "some broadcasting interests" for mounting a campaign in favor of the bill.

The broadcasting lobby can be loosely defined as a combination of the networks, the individual stations and the National Association of Broadcasters (NAB).

Registered Lobbyist

Hollis M. Seavey registered with Congress as an NAB lobbyist Dec. 22, 1960. The NAB defined its legislative interest as everything "relating directly or indirectly to the radio and television broadcasting industry."

Seavey conceded that the NAB has not filed spending reports with Congress. He said in 1968 the NAB had an income of \$3,024,000 and expenses of \$2,898,000.

Earle K. Moore, an attorney involved in several challenges to broadcast licenses, said of the lobbying on the Pastore bill: "The NAB sent out a signal and letters went out to Congressmen and Senators all over the country. Every Congressman and Senator relies on television and radio for exposure, so the power of the broadcasters is fantastic."

"Many House Members introduced the bill because they are convinced there is a real problem," said Robert Guthrie, a staff member of the Interstate and Foreign Commerce Committee. "Others," he

continued, "were influenced to introduce it because their local broadcasters want it. The NAB has done a good job selling the bill."

A Democratic Representative's aide, who asked not to be identified, said, "We introduced the bill... and sent out a letter to all the radio and television stations in our district. No Congressman makes news himself -- he has to keep on good terms with the news media. While we introduced it, we know it is a poor bill and hope it never gets out of Committee."

Paul B. Comstock, NAB vice president for governmental affairs, denied organizing a letter-writing campaign. But, he said, "broadcasters may have taken my governmental affairs report, taken off their names and stuck on a 'Dear Congressman.'"

Origins of Bill

Denying that the Pastore bill was initiated by broadcasters, Nicholas Zapple, a staff counsel of the Senate Commerce Committee, said, "The genesis of the bill was in the March hearings (of the Communications Subcommittee). Broadcasters want to embrace the legislation now because of its significance."

Two Representatives who introduced legislation similar to the Pastore bill own more than \$5,000 worth of broadcasting stock. Reps. William E. Minshall (R Ohio) and Dave Martin (R Neb.) listed, in the financial disclosures required by the House, ownership of stock in the Radio Corporation of America, a conglomerate which owns the National Broadcasting Company.

Minshall had no comment in that connection. Martin said of his bill: "I make tapes for 33 radio stations in my district. They felt it was unfair for someone to come in and apply for their license," he said. "What little stock I have in RCA doesn't amount to a row of beans. I didn't even think about the stock in introducing the bill."

In addition, 21 other Representatives, including Celler and Bingham, reported financial interests in radio or television stations or in corporations that own stations or networks. The Senate does not require such extensive financial disclosures.

Falling Behind

Reports of late have indicated substantial increases in farm prices. Typical of these reports is a recent item in the business section of a large daily newspaper on the West Coast. The item concerns Oregon farmers. It says, "Prices received by Oregon farmers for their products average 6 per cent higher than they did a year ago...."

Reports like this appearing all over the country leave the impression farmers are enjoying a high level of prosperity. Nothing is said about the other side of the coin.

However, in this instance on the same page of the same newspaper, there is another report issued from the Oregon State Capital. It states: "Oregon farmers had a gross income of \$512.8 million last year, and made smaller profits because of rising costs."

Unfortunately, both sides of the farmers' financial picture are seldom printed side by side in this manner. The simple truth is that farmers have been less able to keep abreast of inflation than have other groups.

Vandalism Hits Central; Year's Budget Is Passed

LOCKPORT -- The District 91 Board of Education held a special meeting Tuesday, Sept. 23 at Kelvin Grove School. Items on the agenda were the budget, tax levy, Central School property, and Milne School grounds.

First item of business was the budget hearing. Mrs. Virginia Johnson, board secretary reported the budget had been posted for 30 days, for public viewing. There was no discussion from the board, and none from the audience. The budget was passed, unanimously.

The hearing was then adjourned and the special meeting called to order. The tax levies for the school year were set and passed.

Eugene Korst, board at-

toney, read a letter which was sent to the Chicago Title and Trust Co., regarding the Central School property.

A lengthy discussion regarding Central and Milne Grove Schools followed. The items discussed were:

- The high rate of vandalism which is currently occurring at Central School. One board member reported the fire chief had asked him to come to the school on Saturday --

Stories Starting

LOCKPORT -- The story hour at the Lockport Township Library is now on a fall schedule. It is every Saturday at 10 a.m.

where he found several small children playing in the building.

- Members discussed the need for boarding up the building before a serious mishap occurs.

- The traffic problem at Milne Grove. It was suggested that parents be requested to travel east only, from Madison to Rt. 7.

- Blacktopping has been started at Milne Grove.

- Landscaping details are being worked out, both for the parking lot at Milne Grove and the area around the new sidewalks at Kelvin Grove.

- Several board members stressed an immediate need for a suitable play area at Milne Grove.

Diet Talk

Dear Miss Brookfield:

I have a problem with a mature woman: my mother-in-law. She is inclined to be overweight and is constantly dieting. She manages to lose a few pounds but not a great deal. I like her, but I have avoided calling on her lately. I'm bored listening to her talk about her "new diet." How can I get her to change the subject without being rude?

B.D., Maplewood, Minn.

Dear B.D.:

Next Time you visit, start the conversation by commenting favorable on her weight loss. "How well you look! You've lost weight, haven't you? Perhaps she is seeking encouragement -- dieting isn't easy, you know. And there's nothing so encouraging as success. If she fails to change the subject after five minutes, I suggest you switch to a new one. I am sure she must have other interests, even if they are closely related to her figure -- such as fashions.

Happy Woman

Dear Miss Brookfield:

I am married but childless. I have worked for many years but I also love to keep house. You might say that I am a happy woman without any irritating problems, but I do have a question: at what age is a woman supposed to go through menopause? I am 52 and have yet to reach menopause. Is this possible?

H.D., Doylestown, Pa.

Dear H.D.:

Yes. The normal age for menopause varies from country to country and from individual to individual. The average age is somewhere between 45 and 52, but this can vary two or three years in either direction and still be within normal limits. One yardstick is that you will probably go through menopause at about the same age your mother did. You should discuss this with your physician, however, when you have your regular checkup. And we congratulate you -- it's a pleasure to hear from a woman who sounds so contented.

Hysterectomy Operation

Dear Miss Brookfield:

I am 41 and have been told by my doctor that I must undergo a complete hysterectomy. I accepted this news and was even adjusting to it, until friends started telling me that after the operation I will put on a good deal of weight and suffer the agonies of the menopause. Is this true?

K.L., Livermore, Calif.

Dear K.L.:

The "complete hysterectomy" you refer to is undoubtedly a panhysterectomy. This involves the removal of the ovaries as well as the uterus. When the ovaries are removed, the hormone balance in the body is altered. Because the hormone level can influence metabolic rate, some women do suffer a weight gain following a panhysterectomy. There is a remedy for this: estrogen replacement therapy to supply the hormone formerly produced by the ovaries. These estrogen supplements are prescribed for women after their menopause and are also prescribed for the surgically-induced change of life symptoms.

We suggest that you discuss your doubts and fears with your doctor, not your friends. He is better qualified to advise and reassure you about the medical advances that can help make this operation easier for you.

Have you a problem as a mature woman, or with one? For advice and help, write Margaret Brookfield, Information Center on the Mature Woman, 3 West 57th Street, New York, N.Y. 10019.

Man Dies; Wife Free On Bond

LOCKPORT -- Claudia Sexton, 18, of 519 E. 11th St., Lockport is free on \$100 bond after her arrest following the fatal shooting of her husband Sept. 23.

According to Lockport police the investigation is not complete and no inquest date has been set. Mrs. Sexton will appear Oct. 6 in Magistrate Court to face a reckless conduct charge.

Elect Officers At C & CA Meet

LOCKPORT -- The Board of directors of the Lockport Civic and Commerce Association held a reorganizational meeting Aug. 26. Anton Matesi Jr. was re-elected president; Lawrence Ryan, industrial vice president; Farrell Cook, retail vice president; Francis Miller, treasurer; Bruce Cheadle, executive secretary; and Attorney Glenn Miller, counsel.

William Goodale Jr., elected to the board Aug. 9, was welcomed to members. Resolutions of thanks and appreciation were adopted for Lawrence Smith who resigned last March from the board.

The meeting, a cook-out dinner, was held at the residence of Joseph Cornolo, director. Special guests were Lockport Mayor George Nordstrom and Lawrence Brainard, acting manager of Joliet Region Chamber of Commerce.

Two main projects were adopted by C&CA board of directors.

Board will urge the city administration to undertake storm water system in the

area from Thornton to Division and Madison, Garfield or Lincoln on the east without laterals but running east and west and draining into the I&M Canal picking up all catch basins enroute. Its purpose is to lift the storm water from sanitary sewers, reduce volume at the sewage plan and reduce overflow of manholes and basement flooding.

Second project is to build, with motor fuel tax funds, a bridge at 10th St. over the I&M Canal. This project was pledged by the city 10 years ago before the Illinois Commerce Commission to keep the 10th St. rail crossing open. It was approved for MFT funds according to the C&CA.

Its purpose would be to relieve the coming congestion at 9th and State upon completion of the new high level bridge particularly at the transit time of Texaco workers.

Fete Arbury Hills League Athletes

By MARIE HOVI

ARBURY HILLS -- The Arbury Hills Baseball League held the yearly baseball banquet recently and presented awards to top players, managers and teams.

Following the dinner at the Cow Palace, a short, interesting speech was given by Pat Sullivan, athletic instructor at Providence High School.

The main event of the evening was presentation of the merit awards to the boys found deserving by the managers and coaches.

A special award of merit was given to the older son of Julius Sandy, a faithful coach, for his exceptional help with the teams this summer.

The awards were given out by the managers of each team involved. The Number 1 Farm Team, with Jordan Marzano as manager had for most valuable player, Ken Honeycutt. The Number 2 Farm Team, with Romeo San Sosti as Manager, had for most valuable player, Ed

Hill. Since not all of the boys had played baseball with the league last year, the trophy for most improved player was not presented to the boys of the Farm Team.

The Number 1 B Team with Vernon Crowder as manager had for most valuable player, John Smith and for most improved player, Tommy Cumbee.

The Number 2 Farm Team, with Edward Vander Veen as manager, had for most valuable player, Scott Sandy and for most improved player, Mike Louis.

The A Team, with Bill Kennard as manager, had for most valuable player, Frank Setter and for most improved player, Jim Rose.

The Pony Team, with Foster Tekotte as manager, had for most valuable player, Bill Roach and for most improved player, Paul Homer.

The Number 1 B Team with Vernon Crowder had an undefeated year with a record of 13 wins and 0 losses, placed first in their division and were awarded individual trophies for the boys on the team.

The boys who received the trophies were: Tommy Cumbee, Vernon Crowder, Jimmy Fronek, Jeff Schoenfeld, John Crones, Bruce Pegram, Earl Cullison, Mike Ervik, James Spin, Scott Rose, John Smith, Billy Mangan, Greg Heise, Terry Weaver, Dickie Boothe, Jeff Polfer, Mike Pierce, and Terry Neumayer.

The Pony Team with Foster Tekotte as manager for the second year in a row placed first in the Lincoln-Way League with a 14-1 record for the year. The boys on this team also re-

ceived an individual trophy. As a special thank you for a job well done as a bat boy, Terry Roach received an individual trophy also.

The boys who received the trophies were: Bob Lindeman, Bill Roach, Jim Roach, Jim Jensen, Paul Homer, Blake Tekotte, Al Behnke, Jeff Crones, Steve Peterson, Larry Sandy, Dennis Neumayer, Ed Hovi, Glen Lewellen, and

Hopkins Is Speaker

LEMONT -- One of the finest looking newcomers to appear in the major leagues -- Gail Hopkins of the Chicago White Sox -- will be the guest speaker at the 1969 Lemont Little League Banquet on Oct. 26.

Hopkins is in his first full season in the majors after four successful years in the minor league system. In his first year in pro ball, Gail hit .272 then followed in 1966 with .358 and .312 and 20 homers in 1967 and .324 in 1968.

He is a firm believer in the statement that a sound body has a sound mind. Hop-

kins holds degrees in biology and physical education from Pepperdine College and is currently working on a masters degree.

An added feature of this year's banquet will be invitations to all mothers of little leaguers to attend. This is being done to make the banquet more a family affair. League officials are proud of the help and support from the mothers.

The banquet will be at St. Cyril's Hall on Oct. 26; dinner will be served at 6 p.m. New officers for the 1970 season will be introduced and awards will be given.

Lisle Falls 14-7 In 3rd Indian Win

By RUSS SANDBERG

LEMONT - Lemont High, stymied on the ground by frequent fumbles, turned a pair of punt return touchdown runs by Mark Sniegowski into a 14-7 win over Lisle, in the season home opener last Saturday afternoon.

The Indian varsity, now 3-0 overall and 2-0 in North-east Conference competition, will next set its unblemished mark on the line at Wilmington High on Friday evening, Oct. 3.

Something will have to give on this occasion however, for Wilmington also has strung together 3 successive impressive wins, the latest being a 43-12 defeat of Sand-wich last Friday evening.

Head Coach Jan Cralle and his assistant Matt Connor are hoping to have their squad at full strength for the showdown at Wilmington, but this may take some doing, as several regulars may yet be feeling the effects of the bruising contest with Lisle.

This game, although not by design, was turned into a defensive struggle, for both clubs were guilty of miscues which tended to blunt a sustained attack.

The pattern was set early when Lemont, with Ken Hutchinson and Mark Sniegowski packing the leather, plus a 20 yard aerial from Mike Hennebry to Mike Heinz, moved from their own 10 to the Lisle 42 before surrendering the ball on a fumble.

All in all, the locals bobbled the ball on 6 occasions, 5 of which were recovered by the alert Lion defenders.

Lisle now started a bid of its own, moving to the Lemont 23, before senior left tackle John Benda brought things to a halt via a fumble recovery.

Later in the opening half, Lemont safety Dick Pierce picked off 2 Lisle passes, which stunted once promising Lion drives.

With 5:16 remaining in the second quarter, senior back Mark Sniegowski brought the partisan home crowd to its feet when he fielded a punt on his own 25 and raced 75 yards into touchdown territory. The conversion attempt failed.

Starting the second half, on the first play from scrimmage, Lemont promptly turned the ball over to Lisle on Lemont's own 32 via the now familiar fumble route.

After having been held for 5 yards in 3 plays, Lisle quarterback Rich Lindgren then connected with a wide open Tom Reasoner for the 6 point equalizer. The conversion from placement by Heinz was good and Lemont trailed 7-6.

Defensive middle guard Harold Zarn stopped the next Lisle move when he recovered a fumble on the Lemont 36. Lemont was unable to move, but received a big break when Dick Pierce recovered a fumbled Indian punt on the Lion 35 yard marker.

Quarterback Mike Hennebry lost 3 yards on an attempted end sweep. A pass attempt fell incomplete, but Hennebry then made connections with Dick Pierce for a first down on the Lisle 11.

Lemont could pick up only 9 yards in 4 attempts and surrendered the ball on the Lisle 2 yard line.

The Indian defense was equal to the occasion however, and Lisle was forced into a kicking situation back on its own 6 yard stripe.

The ensuing punt came out to the Lion 40, where Mark Sniegowski bobbled it momentarily, then regained possession, swept to his right, and followed a cordon of blockers down the sidelines on his way to this 40 yard victory run.

Mike Hennebry then passed to Dick Pierce in the right flat for the all important 2 pointer which upped the ante to 14-7.

Lisle still had 4 minutes to play with, but could pick up only 8 yards in 4 attempts and the locals took over on the Lion 43 yard line. Mike Hennebry then ran out the clock on a series of quarterback sneaks.

Holding Lisle to a game total of 108 yards were defensive stalwarts - Ends - Jesse Gonzales, Dennis Bubinus. Tackles - Rich Gendeman, John Benda. Middle Guard - Harry Zarn - Linebackers - Steve Pociask, Mike Heinz, John Roth, Terry Dauenhauer, Jim Etzkorn, Ken Hutchinson. Safety - Dick Pierce, Lee Virtel, Mike Kennedy.

Carrying the offensive brunt were Ends - Dennis Bubinus, Mike Heinz, Dick Pierce. Tackles - John Benda, Rich Gendeman. Guards - Ray Kluga, John Roth, Jim Etzkorn. Center - Dan Zollecki.

Win Is Just Out Of Grasp

LEMONT -- Don Giacchetti "almost" holds to two national canoe championships, but, he and his partner were disqualified after placing first in the marathon because their canoe turned out to be three-eighths of an inch too long.

Don, the son of Mr. and Mrs. Don Giacchetti, 13100 Maple Ave., and three Culver Military Academy teammates also placed first in the championship C-4 (four-in-a-canoe) race. The recent weekend competition sponsored by the U.S. Canoe Association was at Wabash, Ind.

Knights Falter In Joust With Braves, 14-0

NEW LENOX -- Due to fumbles, penalties and pass interceptions, the Lincoln-Way Knights dropped a hard fought conference game to Bremen Braves, 14-0.

Even though they consistently moved into scoring position the Knights could not punch through the Braves' line.

Larry Steczo, Bremen quarterback, dominated the first quarter of play. Opening kickoff was taken by the Braves, who moved from their

16-yard line to the Knight's six. Knights got a break when Braves player, Vernell Hawkins, misread a signal from Steczo. The ball fell to the ground on the Knight six and the Lincoln-Way's Tom Selma recovered.

Harold Webb, Knight quarterback, took a wide sweep over the right end, and with the help of Mike DeLay, moved to the Knight 21-yard line. The play, which went well, was used again, and the ball rested on the Lin-

coln-Way 35. Third attempt at that play failed.

The Knights continued to move, and Webb got a good block by Errek and moved to the Lincoln-Way 45.

Knights kicked off at the beginning of the second half and ended their progress right there. Steczo took over on Bremen's 35, and moved to the 48. A flag on Lincoln-Way gave Bremen a first down. A drive, began by Bremen's Wallace brothers, ended when Steczo got the ball and

pitched it to Gordon Wallace who went over for the touchdown. A pass to Mike Clemens was good and Bremen led 8-0.

Webb used the rollout to grab four consecutive first downs. Faced with a four and 11 situation on the Brave's 12, Webb passed. The pass was long and Bremen took over.

Brave's Tim Breska put an end to the Knights action by grabbing a Webb pass on the Brave 20. Webb could not hit Palka and DeLay,

and the offensive line could not hold at the ends, giving the Knights a rough game.

Terry Ryan, sophomore, entered the game at quarterback late in the fourth quarter. Ryan attempted a snap, to go over the line and met with the same fate as Webb. He attempted the same play after taking a pitchout for minus five yards and met with the same fate.

Ryan hit Palka with a ninety-yard pass, but time was running out. Bill Hawkins

intercepted a Webb pass four plays later to put a Knight victory out of reach.

This loss was Lincoln-Way's second of the year. Knights stand at 1-2, after taking the season's opener from Tinley Park Titans 26-0.

The Knightmites had a victory after scoring 20 points in the third quarter. The Lincoln-Way frosh-soph team went on to win 28-6.

Next conference game will be against Oak Lawn, at home, on Oct. 4.

Williams, Highland Clinch Win

LOCKPORT -- Lockport West rolled to a solid 28-13 win over St. Francis de Sales of Chicago, Saturday night on the Spartans home turf. Sparked by the inspired running of Chuck Williams and the strong right arm of John Highland, the outcome of the game was never in doubt.

Williams tallied three of Lockport's touchdowns, rushed for 195 yards and snared three of Highland's passes for 45 yards in leading the Spartans to their second victory in as many games.

An offensive line contributed mightily to the evening's entertainment. John Collins, Dale Durbin, Craig Stout, Dewey Chambers, Steve Rosendahl and Don Dragovan displayed a formidable forward wall in opening large holes in the Pioneers line.

Lockport was caught flat-footed on the opening kickoff as the Pioneers pounced on their on side kick, taking over on the Spartans 40-yard line. Six plays later George Komer blasted into the end zone from eight yards out. The conversion kick was good and the Pioneers led 7-0 with less than four minutes gone in the first quarter.

The elation of the St. Francis squad was short-lived. A 28-yard kickoff return by Williams, two penalties against the pioneers and two carries by John Tabis put the Spartans on the Pioneers' 35. A pass to Williams gave the Lockport team their first TD as the 175-pound back sped into the end zone behind superb blocking. The first quarter ended with the Spartans on the short end of a 7-6 score as the kick for the extra point went wide.

A Pioneer fumble in the second quarter was recovered by Rick Columbo. Tabis picked up nine yards off right tackle; a Highland to Williams aerial netted 10 yards, and a smooth handoff to the talented Williams on

the next play put the ball on the Pioneers' 25.

After Highland carried for seven yards he once again executed a neat handoff to Williams who promptly bombed through the defense for 11 yards, putting the ball on the Pioneers' three-yard line.

On third down Highland plunged over for the score. A pass to Bob Colvin for a two-point conversion gave the

Spartans a 14-7 lead.

A third-quarter interception by Guy Mondersohn who returned the pilfered pigskin 21 yards gave the fired up Lockport squad good position the 13-yard line of St. Francis. St. Francis dug in and held Lockport to a fourth-and-three situation which was eliminated by Highland's pitchout to Williams who chalked up his second TD of the night. A Highland to

Dave Cichy pass gave the Spartans two points and a 22-7 lead.

Tom Plesha gave the visitor's their second and final score of the game with an end sweep culminating a 68-yard, 14-play drive. A pass for two points failed and the third quarter ended with the Spartans ahead 22-13.

A fourth quarter interception by Williams on his own 14-yard line and a return to

the 31 revealed the defensive value of the Spartans' rapid back. On the first play from scrimmage Williams exploded for a 69-yard sprint to the goal line. The try for the extra point was wide.

With two minutes to play, St. Francis was unable to overcome the Spartans 28-13 lead and undoubtedly left the field muttering about a guy by the name of Chuck Williams.

Romeoville In 13 To 7 Victory

By DON HEEG

LEMONT -- Two Lemont fumbles determined the outcome of a contest with the Spartans of Romeoville as hosts on Sept. 21. Both teams put up a good defensive battle.

The first half was a defensive dual with neither team able to hit paydirt. Lemont did put one over in the second quarter, a 43 yard scamper by Rick Sniegowski, only to have it called back by a clipping penalty. The first

half ended in a 0 to 0 deadlock. The Lemont offense was held to a minus 7 yards on the ground and only 7 yards through the air during the first two periods.

In the third quarter Romeo finally put across two scores, capitalizing on two Lemont fumbles deep in their own territory. One was picked off in mid air on Lemont's 15 yard line and ran in for their first touchdown.

On the following kick off and first series of downs,

Lemont fumbled again on their own 25 yard line, whereas Romeo took it down for another touchdown. The third quarter ended with Romeo on top 13 to 0.

Early in the fourth quarter, Lemont hit paydirt on a 53 yard pass play when Rick Sniegowski hit Ed Davis, which was all of Lemont's scoring. They did threaten later, but Romeo's defense got tough again and Lemont lost the ball on downs. Final Score 13 to 7 Romeoville Spartans on top.

Some of the outstanding Hornets on defense were Tom Leffler with 12 tackles, Renny Jacobson, Mark Barnett, Ed Davis, and Hayden

Reeves with 9 tackles apiece.

The Hornets traveled to Markham for a game September 28, and return home to play Midlothian Oct. 5 at the Lemont High School Field.

Time Is Short For 'Punt' Test

SOUTHWEST -- Time is running out for Lemont - Lockport area boys to register in the Punt, Pass and Kick Competition. This competition, now in its ninth year, is open to boys 8 through 13 and is absolutely free.

Boys will be competing for 18 handsome all-metal trophies to be awarded during the local competitions which are sponsored by D & M Motors, with the Lemont Jaycees and the Lockport Park District.

Contestants will be competing against boys in their own age group in three football skills -- punting, passing and kicking. Gold trophies will be awarded to the first place winners of each age group, silver to the second place winners, and bronze to the third place winners. There is no body contact and participating does not affect a boy's amateur standing.

Registration closes Oct. 10, so all boys 8 through 13 are urged to go with their mom, dad or legal guardian to registration headquarters at D & M Motors, Lemont.

Everything is free and each boy gets a copy of the PP&K Tips Book which contains stories and tips by Don Meredith and Mike Clark of the Dallas Cowboys and Billy Lothridge of the Atlanta Fal-

cons, and an introduction by Don Shula, the coach of the Baltimore Colts.

The local competition is scheduled to be held at LTHS Field on Oct. 11 at 8 a.m. Local first place winners then go on to zone and then, possibly, district, area, division and national contests where they compete for more trophies.

Open Letter from the HIRSCHS'

Dear friends,

Inflation has affected funeral costs as it has other professional services.

'Overhead' costs -- salaries, maintenance, equipment, heat, light, telephone, car upkeep, insurance, laundry, embalming -- are a few of the expenses that make up the funeral service charge.

The funeral director who overcharges for his essential service is rare indeed.

Respectfully,

Carl Hirsch

Lemont Frosh Tromp Lisle

By RUSS SANDBERG

LEMONT - Lemont High's frosh-soph football team stretched its undefeated string to three in a row at the expense of a good Lisle yearling squad in the home lid lifter last Saturday afternoon. The final count of 12-6 indicates that this was indeed a tough ball game.

Coaches Lou Kuk and Bob Voss saw their charges sweep to an early 6 point lead, which was initially set up when tackle Jim Clark recovered a fumble on the Lisle 24.

The running of Jim Weck and Dwayne Slayton, plus a George Otto to John Dunn pass connection, gave the Indians a first down at the 4. Slayton then went up the middle for the score at the first quarter 7 minute mark. The

conversion failed. Lisle knotted the contest in the final 20 seconds of the first half when Dale Smith culminated a 49 yard drive by going over from 8 yards out.

The locals wasted little time in breaking this deadlock, for after the second half kickoff had been returned to our 37, sophomore running back Jim Weck took over the offensive role as we marched steadily down the field.

Weeks' initial sortie picked up 21 yards. Slayton added 5 more. Weck then moved for the remaining 37 yards in just 4 carries.

Lemont was still vulnerable when the conversion attempt failed, but the defensive unit was equal to the occasion. The 12-6 lead held up to the final horn.

A B.I.A. meeting held in the Beaconridge clubhouse Sept. 23. Also present at the meeting, according to Faubion, were 160 homeowners. The bylaws of the association state that 60 per cent (192 homeowners of record) must be present to transact association business. Although raising of the dues to \$19.50 was discussed the issue could not be voted upon at this meeting.

A meeting of the B.R.A. will be held Sept. 28 at which time ouster of the Kaufman and Broad participation in the B.I.A. will be examined, according to Mrs. Davis.

The B.R.A. will not "attempt to replace the present association, but will work as watchdogs to protect the interests of all homeowners in future dealings with Kaufman and Broad," according to a news release from Mrs. Davis.

LTO, Dist. 205 Feuding

(Continued from Page 1)

chairman of the bargaining committee was given a copy of the tentative agreement, the letter states.

A thorough discussion of all changes ensued, the board said.

On Aug. 28 the school board accepted the Aug. 20 proposed contract at the official board meeting, the board version of the dispute continues. At this meeting the chairman of the negotiating team stated that the Aug. 20 contract was "unacceptable" because he did not feel the changes made for legal reasons were justified.

At a meeting arranged between the two attorneys each

legal change was supported by the school code, legal opinions from the state superintendent, or trial court decisions "at least up to a point where the teachers walked out," the board letter contends.

Several additional meetings were held without the attorneys and changes in the Aug. 20 contract were made as a result.

"About this time the negotiating teacher's group distributed the Contract Fact Sheet which stated that there were two favorable changes (whereas there are actually 10) and that there were 11 changes thought to be adverse. Of these 11 changes, six have been resolved, one

has been explained to mutual satisfaction and four remain points of contention based on legal reasons, as is a fifth not included on the fact sheet," the letter continues.

The letter concludes by stating that the school board as the legal representative of the community in the operation of the school does not have unlimited power but operates under "legal constraints." The extent of these are imposed by state law and judicial decisions in the courts, which provide the basis for decisions on the contested five points in the contract.

A copy of the proposed contract was included with the letter.

Indian Juniors

when Dwight, after losing 5 yards in their opening series, were forced into a kicking situation. Jim fielded the punt on his own 40 and ram-bled 60 yards for the initial score. James Clark connected for a 7-0 lead.

Freshman linebacker Terry Duffy set the stage for touchdown number 2 when he recovered a fumble on the Dwight 33. An aerial from quarterback George Otto to end John Dunn was good for 20 yards.

Dwayne Slayton and Weck packed the leather down to the 1, from where Slayton sliced through for the score. The conversion try failed, but we were now on top 13-0.

Dwight continued to experience a degree of difficulty in hanging on to the pigskin and John Dunn obliged by recovering a loose ball on the Trojan 14.

A toss from Otto to Bert Cattoni, plus a plunge by Slayton picked up 8 yards. Jim Weck then shot straight ahead for the final 6 yards.

Early in the second quarter, Lemont moved 63 yards in 5 plays to garner another marker. The big gainer was a 49 pass and run play from Otto to end Ken Sniegowski. This time Weck scored from 5 yards out to give us a 26-0 bulge at halftime.

Dwight got on the scoreboard early in the third quarter, moving 42 yards for a score in just 3 plays. This was set up by the recovery of an Indian fumble.

The Trojans didn't have much time to savor their good fortune, however, for after the ensuing kickoff had been returned to the Lemont 23, quarterback Otto once again made connections with Ken Sniegowski on a scoring maneuver which ate up 77 yards in 1 burst.
